The North Head wires were down again yesterday, the storm of Friday night having disturbed them. They were in good working order at 4 o'clock yesterday afternoon.

The steamship Francis H. Leggett arrived in from Eureka yesterday morning, after the Hammond log raft, now lying in the lower harbor, awaiting towage to San Francisco. She has on board a million feet of lumber, four millions of shingles, taken on at Eureka, and when she gets underway today with her 10,000,000 foot sea-raft, she will be in line for earning her keep anyway. She went to the Callender pier for the purpose of filling her fresh water tanks yesterday morning, and then to the lower harbor, where she will await the tow, which will be delivered to her on the high-sea by Captain Bailey and the Tatoosh this morning.

The barkentine Chehalis has docked at the Columbia mill dock at Knappaon, and will load out lumber for San Francisco.

**The Best Thing Made**—For the numerous purposes to which it can be adapted, Sanitas is said to be the best thing made. It is used for the walls and floors of bath-rooms and closets and all points where water is liable to be in constant contact with woodwork; it is perfectly sanitary; is washable; comes in all colors and shades, plain and figured, and is an ornament as well as a utility; and is sold by B. F. Allen & Son. Don't forget.

#### STAR THEATER PACKED.

**Large Crowd Witnesses Excellent Production of Mabel Heath.**

The "Star" theater was packed to capacity to witness the third performance of "Mabel Heath," and everything went with a swing, the applause was frequent and all the members came in for a good share.

Tomorrow will see the last of the Willard Company and we must say we regret their departure very much as they have made many friends here. We hope at some future time to see this popular company return and they will be received with open arms.

This afternoon they will play "Mabel Heath" and in the evening, "Our Boys" will be the bill, and then we will say good-bye to one of the best and most popular companies that has ever played in Astoria.

#### ARE YOU A BON VIVANT?

The pith of life, after all, is a good feed. The good things of this life are not as a rule easily found, so that it is a pleasure to find so close at hand a first-class up-to-date establishment, where one gets those good things at every meal, like the Palace Restaurant, on Commercial street. The home of the bon vivant. **tf**

#### ABSCESS.

ABSCESSSES, with few exceptions, are indicative of constipation or debility.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballards Snow Liniment. I stepped on a nail, which caused the cords of my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.). He recommended a bottle of Snow Liniment; I got a 50c size and it cured my leg. It is the best liniment in the world." **Hart's Drug Store.** **sep**
